EXTREME STRENGTH.

The 220X has undergone 4 years of development and thousands of hours of extreme testing, from climate testing (55°C to -30°C) to machine shaker rig testing.

EXTRA RELIABILITY

The 220X has a DieselMax engine that's been tested over 110,000 hours in 70 different machines.

EXCEPTIONAL COMFORT.

Our spacious JCB CommandPlus cab features the industry-leading Grammer seat, low noise levels and powerful new HVAC for optimum performance.

X
SERIES

EXTREME TESTING

1.1 million test cycles have been completed on our dig end in over 10,000 machines worldwide.

EXPERIENCE GREATER PERFORMANCE.

Large diameter hydraulic hoses and an innovative hydraulic regeneration system provide faster cycle times and reduced fuel consumption.

EXTRA SAVINGS

Auto-stop and Auto-idle on the Stage V engine provide fuel savings of up to 5%.

STAGE V

EXCELLENT CONTROL.

Proven Japanese components deliver precision and efficiency, while customisable electro-proportional controls give operators easier use of attachments.

EXTRA POWER

For tough conditions a power boost button increases pressure by up to 10% for up to 9 seconds.

EXTRAORDINARY ATTENTION TO DETAIL.

Building the 220X involved a huge investment in state-of-the-art facilities, with new tooling, EPD coating and robot welding.

EXTRA EFFICIENT

Boom float feature allows for smooth grading along hard surfaces and improves breaker efficiency.

TRACKED EXCAVATOR | 220X

SPECIFICATION.

MODEL	220X
Travel speed (high/low)	5.7 / 3.2km/h
Tractive effort	207.5kN
Max digging reach	9,859mm
Max digging depth	6,694mm
Machine weight (SLC/LC)*	23,275 / 23,461kg
Maximum bucket tearout	150kN

*1.1m³ bucket, 778kg, operator, full fuel tank, 2.4m dipper, 700mm track shoes

STANDARD FEATURES.

- Climate control
- Bluetooth Radio
- Rear, side and front blinds
- Heated air suspension seat
- Seat mounted joystick controls
- Widecore radiator
- Boom and dipper HBCVs
- JCB 448 DieselMAX StV engine
- Automatic engine shutdown
- 2000hr hydraulic & air filter life
